PENNSYLVANIA INTERURBAN RAILWAYS (1) – SL 165 *work in progress 22.01.16* *page 1 of 15*
PASSENGER STATIONS & STOPS

In addition to lines considered to be Interurban Railways by Hilton & Due, there were a large number of lines with some Interurban characteristics. The latter are only included in this List if information on stopping places is available. West Penn Rly, see SL 292. Refer to "Electric Interurban Railways in America" by Hilton & Due for a full list of lines. Also, there were a number of rural trolley lines offering intercity service. Some of the latter have been included where stopping places are known.
t: public TTs; w: working TTs. $: passenger tariffs; m: 1912 RR Commission map
MG: Rand McNally Guide. i.d. stop in direction of list only; o.d. stop in other direction only
Former names: [ ] Distances in miles Gauge 4' 8½" unless noted. tm = terminus at this date
Certain non-passenger locations shown in italics thus: (name)

500. CENTRE & CLEARFIELD RLY

LEHIGH VALLEY TRANSIT CO. (LVT)
LVT operated an extensive network of lines, mostly categorised by Hilton & Due as lines with partial interurban characteristics. Only the Main Line Philadelphia/Norristown to Allentown and Allentown to Easton are considered to be interurbans and included in this list. The Main line was extensively improved between 1905 & 1912 and largely relocated onto private right of way.

510. MAIN LINE (1)
Based on list of stops in March 1911 timetable (a), thus predating establishment of Wales Junction (see 511) and some of the relcations onto prw. c: also shown in 1938 PTT
