

PASSENGER STATIONS & STOPS**Private railways and other non-JR lines in the Ōsaka/Nagoya/Kyōto/Kōbe (340-523) Metropolitan areas.**

Only urban tramways still operating or closed since c.1985 (if full stop information is available) are included

Based on Official Railway Station List 1892 (z), Government Rly TTs (t) 1914/1915/1918 (a), 1928 (b), 1938 (c), 1968t/JNR Official Map 1964 (d) & current TT (f). Also, 1918t (p), 1923t, Tetsudo Journal 1997 (transliterated into Romaji by Leroy Demery)(q), Electric Rlys of Japan (r) and Japan by Rail and Wikipedia.

Former names: [] Distances in kilometres Gauge 3' 6" or 4' 8½" unless noted tm = terminus

Certain non-passenger locations shown in italics thus: (name);

'n' before consonants often shown as 'm' as pronounced (e.g. 'nm' as 'mm'). 'n' is the more correct, but both versions appear erratically in timetables, maps (e.g. the Tokyo Area Rail Map shows 'm') and on station nameboards.

Kita: north; Minami: south; Higashi: east; Nishi: west; Shin: new; Kami: upper; Shimo: lower; Naka: middle; Chūō: central; Onsen: spring; Mae: in front of; Eki: station; Guchi: gate; Bashi: bridge; Machi/Chō: town; Shi: city

op. opened; cl. closed; rn. renamed; rl. relocated; tm; terminus; all dates refer to passenger service;

+ names of closed stations translated using Google - some names may be incorrect, e.g. wrong "reading" of the Kanji symbols - ? names that could not be translated or translated into literal English, Pin-Yin (Chinese) etc; correct Romaji names required.
