

Based on Official Tōkyō Transit maps 1922 (b) and 1964(d). Unless noted otherwise, all stops as shown on the 1964 map. Route numbers as 1964 map. p: undated (1950's ?) general map

Following the Great Kanto Earthquake in 1923, some streets with tram lines were rebuilt on slightly different, generally straighter alignments. Some tram lines were rebuilt on different streets (e.g. Route 12). These changes are indicated where significant. 'n' before consonants often shown as 'm' as pronounced (e.g. 'nm' as 'mm'). 'n' is the more correct, but both versions appear erratically in timetables, maps (e.g. the Tokyo Area Rail Map shows 'm') and on station nameboards.

Kita: north; Minami: south; Higashi: east; Nishi: west; Shin: new; Kami: upper; Shimo: lower; Naka: middle; Chūō: central; Onsen: spring; Mae: in front of; Eki: station; Guchi: gate; Bashi/Hashi: bridge; Machi/Chō: town; Shi: city; Chōme: district
op. opened; cl. closed; rn. renamed; rl. relocated; tm; terminus; all dates refer to passenger service;
Progress: all 1964 details entered, 1922 details being added.
