

PASSENGER LINES - STATIONS & STOPS

Current operator: Transport for London (TfL); London Underground (LU) (1-22), Elizabeth Line (23-24), Docklands Light Rly (DLR) (25-28), Croydon TramLink (CT) (30-31) & London Overground (35). Other Railways (40-43)

Based on Bradshaws Guides (Brad), company timetables & maps and my own research, with extra information from the RCHS Chronology (Quick), Clinkers Chronology, Chronology of London Railways (Borley), London Railway Atlas (Brown), London Underground diagrammatic history (Rose), Pre-Grouping Atlas (Ian Allan), Private & Untimetabled Railway Stations (Croughton), GB Rail Atlas (Baker), Closed Passenger Lines of Great Britain 1827-1947 (Greville)(RCHS), Passengers No More (Daniels), Railways of Great Britain Historical Atlas (Cobb), Branch Line News (BLN) & other publications.

The **Great Britain Railways** tables are set out in 7 separate Lists based on the 4 major companies Nationalised in 1948 (Great Western, London Midland & Scottish, London & North Eastern and Southern) and London Transport. The 4 major companies are sub-divided into the major companies amalgamated at Grouping in 1923 & Other Railways.

U: unadvertised or locally advertised station with purpose.

h: heritage railway stations/halts; ; b: British/National Rlys (BR/NR) & predecessors & other rlys stations on lines that became heritage railways; in general only heritage railways operating wholly or in part on these lines (including goods only lines) are included; a few others not on former railways are included if considered to offer an 'A' to 'B' passenger service.

Not included: most funiculars, cliff rlys, people-movers & miniature rlys; station name "for" and county suffixes; most stops for rail staff at signal boxes (included if also used by wives & family); locations where railway workers dropped off for routine or emergency work; temporary platforms for depot open days, VIP visits etc; ticket platforms (for ticket inspection) unless evidence found of official use by alighting or boarding passengers; points reached by rail enthusiasts excursions.

References to the other UK lists (>) with table number: GW: Great Western; LMS: London Midland & Scottish; LNE: London & North Eastern; SR: Southern.

Connections (shown thus: >, or >>) to other lines are only included if used by scheduled passenger services (past and present) Examples of obscure and short lived services using these connections are given. Connections only used for engineering works & emergency diversions and chartered trains are generally not included.

Bradshaw sometimes added suffixes to station names that were not part of the station name. It is generally not possible from timetables to determine whether these were part of the station name and most are shown in these lists.

Explanatory text and selected operational & infrastructure locations are shown in bracketted italics.

Stations currently open for passengers shown in Bold. All other stations closed to advertised passenger services.

Opening, closing, relocation and renaming dates, "for" & county station name suffixes, depot open day services, background information and source references, see Railway Passenger Stations in Great Britain, a Chronology by Michael Quick, available free on-line from the Railway & Canal Historical Society (RCHS) web-site.

(date)t/w: company public/working timetables. Distances in Miles (unless noted km); Gauge 4' 8½" unless noted;

**** 1 .etc :** refer to sections of line diverted, or alternative routes between these points, details given at end of the table.

Former names : []- usually only shown the first time the station appears in this list.

op: opened; cl: closed; rl: relocated; rn: renamed; tm: terminus; div: diverted; plat: platform; tempy: temporary

Stations serving two or more lines with shared or adjacent platforms at the same level are shown: "Dist/Pic" etc.

LT/TfL station platforms with the same name at different locations are suffixed with the line name: e.g. "Edgware Road (Bak)", "Edgware Road (Dist)". \$: currently also served by NR &/or LO services. £: formerly served by BR/NR &/or predecessor services; £": see note table 6. %: former BR/NR names prior to being served by LU/DLR
